

17 May 2005

Mr. Martin G. Gallegos
Tr 37 # 122-86 Ap 302
BOGOTA
COLOMBIA

Dear Mr. Gallegos:

REF: ISA Colombia Section Charter

Congratulations on the chartering of the ISA Colombia Section by the ISA District Board on 3 May 2005. I know that you and your members have worked hard to achieve this goal. Enclosed is a listing of the Section's charter members.

Your charter certificate has been sent to District 4 Vice President Vitor Finkel in Brazil for his signature. I expect he will mail the certificate to you very soon.

As Section President, you are the primary contact between your Section and the Society. To assist you, each month you will receive the Section Leaders Brief by e-mail. It is designed to provide guidance and support for activities related to the operation of your Section and to keep you informed of new programs and publications.

ISA has provided all materials for Section leaders on the ISA web site www.isa.org. As a coded Section leader, when you login as a member you will see Members & Leaders in the left navigation bar. Select this icon>Leader Resources>Sections and it will take you to every resource the Society has for Section leaders.

Each month ISA will post a current Colombia Section roster on our web page at www.isa.org. Five coded Section leaders can access the roster: President, Secretary, Membership Chair, Newsletter Editor, and the Web Master. To download the roster, go to the left navigation bar. Select Members & Leaders>Leader Resources>Section>Operations. Go to the bottom of the Operations page where you will find Section Rosters. (Note: You will need to be logged in as yourself, using your member number and last name.) Listed with the roster, you will see instructions, plus an Excel and an Access template. Save these templates to your computer and use them to import your roster, which downloads in text format. The roster is posted by the 10th of each month. I encourage you to save your rosters for a year, so you can track those who do not renew.

Mr. Martin G. Gallwgos
17 May 2005
Page 2

Dues rebates are provided to ISA Sections – 20% of regular dues and 30% of student dues. Because of the exchange rates and problems sending funds back and forth, I suggest that you have the COLOM rebates held at headquarters and draw down the amount to pay dues or purchase ISA products. If you choose to have the rebate check mailed to you (US dollars), please arrange for a checking account and ensure that these checks are deposited promptly. Please advise your wishes for the rebate.

Beginning last November, the documentation that lists the new members and renewals that generate the rebate was posted online rather than mailed to the Treasurer, default President. You will find the rebate information on the Operations page below the rosters. Access to the rebate report is available to the President, Treasurer, and Membership Chair.

ISA Regular Sections are asked to contribute a percentage of their rebate to the District Fund. These funds are used by the District to provide services that otherwise would not be available. For instance, travel for the District Vice President to a Society meeting, travel for a local leader to attend the District Leadership Conference, or a speaker for a District event. I will have your Section added to the District 4 contributors. Contributing Sections in District 4 give between 10% and 25%. You will be entered for 25% but may designate another amount, including zero. Please advise your Section's level of contribution.

As staff representative to District 4, I am a ready resource to your Section. Please contact me if you have any questions or if I can assist your Section to function more effectively. Michaela Johnson-Tena is our Section-Division Coordinator and is fluent in Spanish and reads Portuguese.

Cordially,

Laura G. Crumpler, Senior Administrator
Member & Section Services

LGC
